SUDARSHAN

HOLI CELEBRATION AT SUDARSHAN

Holi signifies the triumph of good over evil and it's a day when people forgive and forget, and let go of the negative energies from their lives to start afresh.

This Holi, Sudarshan organised the celebration in different ways including celebrating with the underprivileged Communities, School children, old age homes and tribal communities. We also celebrated together in the employee residential colonies Roha & Mahad. All Sudarshan sales offices/ branches in India also celebrated Holi in their own way. Being a color pigment manufacturer, SCIL wishes to fill the colors of joy in everyone's life.

HAPPY HOLI to ALL ...

#BREAKTHEBIAS

I am very happy to get this opportunity to have colours in my life again through make-up. At my age, it felt very odd to dress in vibrant colours, but today when I saw myself in the mirror after getting ready, amongst these young women, I too, felt beautiful. Thanks the Sudarshan team for reminding me of my beauty after a long time.

- Mrs. Ingale (Senior citizen)

After my husband passed away, I totally discounted wearing make-up or colourful sarees, and rarely ever saw myself in the mirror. Today, I was overcome with tears of happiness after seeing my makeup. I smiled after a very long time today, all because of something we tend to overlook and forget over time - colours. I deeply thank you for making my day.

- Ms. Vandana Ingale (Widow)

After being involved in an accident during my childhood, I stopped looking at my pictures or in the mirror. I am used to covering my face and avoiding people. Today I wore a colourful saree and makeup myself. I felt really safe and happy doing this today with you.
Thanks for getting me know my colourful soul
