NOTE 19 : NOTES FORMING PART OF THE ACCOUNTS

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

i BASIS OF PREPARATION

The Accounts of the company have been prepared in accordance with the generally accepted accounting principles in India. The financial statements have been prepared to comply in all material respects with The Companies (Accounting Standards) Rules, 2006 and the relevant provisions of the Companies Act 1956. The financial statements have been prepared under the historical cost convention on an accrual basis.

ii USE OF ESTIMATES

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

iii FIXED ASSETS

Fixed assets have been stated at cost less accumulated depreciation. The cost of a fixed asset comprises its purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

iv DEPRECIATION

The Company has revised the depreciation rates on Fixed Assets according to the useful life as specified in Schedule II to The Companies Act, 2013 or on the basis of its assessment made by the Company as permitted by the said Schedule.

v INVENTORIES

Inventories are valued at lower of cost and net realizable value. Raw material and stores inventories are valued at moving average price. Work in Progress is valued on the basis of cost and proportionate overheads on the basis of percentage completion. Finished goods inventory is valued at cost.

vi FOREIGN CURRENCY TRANSACTIONS

Transactions in foreign currency are accounted at exchange rate prevailing on the date of transactions or in appropriate cases at the exchange rate under the related forward contracts. At the year end, monetary items denominated in foreign currencies are converted into rupee equivalents at the year-end exchange rates as per Accounting Standard 11.

vii RETIREMENT BENEFITS

i. Short Term Employee Benefits are recognized in the period in which the employee renders the related service.
ii. Post Employment Benefits (Defined benefit plans) are accounted on actual basis with the corresponding payments to the recognized trust. All the eligible employees are covered by appropriate approved schemes and annual contributions are made to the respective funds. As per Accounting Standard (AS) 15, 'Accounting for Retirement Benefits in the Financial Statements of Employers', issued by the Institute of Chartered Accountants of India, in case the liability for gratuity is funded through a scheme administered by an insurer, it is usually considered necessary to obtain an actuarial certificate or a confirmation from the insurer that the contribution payable to the insurer is the appropriate accrual of the liability for the year which shall only be charged to the statement of profit and loss. Therefore, only premium payable/paid during the year is accounted for.

iii. Post Employment benefits (defined contribution plans) are recognized as an expense in the Statement of Profit & Loss in the period in which the contribution is due.

iv. Long Term Employee Benefits are measured based on an actuarial valuation carried out by an independent actuary at each Balance sheet date. Actuarial gains and losses and past service costs are recognized immediately in the Statement of Profit & Loss.

viii REVENUE RECOGNITION

Sale of goods is recognized on dispatch to the customer. Dividend income is accounted for when the right to receive is established. Interest income is recognized on a time proportion basis.

ix TAXATION

Income tax expenses comprises current tax and deferred tax charges or credit. Current tax is provided on the taxable income by applying the prevailing tax rates and tax laws. The balance sheet date. Deferred tax assets arising from the timing difference are recognized to the extent that there is reasonable certainty that sufficient future taxable income will be available, using tax rates and tax laws that have been enacted or substantively enacted at the deferred tax for timing difference between the book and tax profit for the year is accounted.

x **BORROWING COST**
